

## Blend-in Refinishing System 22Line Glasurit® HS 2K Topcoat

### Properties:

In principle, panel repairs with solid colours, including a complete refinish of the damaged body part, do not cause any problems. When colour differences beyond allowable limits are to be expected and when the areas to be re sprayed are not limited by trim strips or edges, the more appropriate method to overcome colour differences may be to blend in the damaged area, if required. This procedure can be considerably more efficient and economical than time-consuming colour matching.

<b>541-5</b> <b>Glasurit® Wax and Silicone Remover</b>	 1 x	<b>563-808</b> <b>Glasurit® Flattig Paste</b>	 563-808 + sanding pad
